

Your guide before joining EBI-GROUP

Due to heavy request volume lately we think we should clear up some subjects so you feel comfortable before you join the group.

Introduction

EBI-GROUP is a service that tries to create profits for its customers. Our portfolio combines football and tennis bets. The way we approach and serve our customers is very simple. We try to pass some of our plays to him with the use of SMS and previews that are available to the member area of the website.

How the service operates

1. You are always welcome to open an account and you have two ways of joining the service. Via Moneybookers and via Paypal. Payments via Paypal are automatically processed so your account is instantly active. For Moneybookers payments you may send your subscription to info@ebi-group.com and we will activate your account as soon as possible (usually within an hour).
2. **I paid but I want email with tips.** EBI-GROUP DOES NOT send tips via email. It is our policy to be sure that the tip is going to be delivered on the member first and not to some automatic remailers , etc. For that reason we do send SMS that is delivered within 10 sec after the tip is publish whatever your country is. EMAILS AREN'T ALLOWED so don't bother to ask, the answer is NO.
3. **I want to have tips at least 5 or 10 hours before kick-off.** We send the tips when we play them. This could be 10 hours before a match or 30 minutes before the kick-off. We are not supermarket or your hairdresser where you close an appointment in order to get a service.
4. **What companies you advise odds?** We advice the majority of your tips with Asia Market Prices. That means you will receive tips with prices that played on Asia Markets and sportbooks like IBC , SBO , 188BET , MANSION88 , etc. Tennis and 1X2 tips are advised with prices from big european sportbooks.
5. **You offer profit guarantee?** No , we are against profit guarantees. Though our members get free months when we feel that they support our service. So , even if it is a winning or losing month you may receive a free month.

Finally I wish to address some lines to people that contacts us daily as they wish to become tipsters. EBI-GROUP has always open positions. Though we aren't finding tipsters like this. A tipster is closely monitored by us for at least six months before joining the group. If you think you are potent enough to join you must show verified profits and accept to be monitored by us. Otherwise don't bother to send emails.
